The Tariff Pass.

"We denounce the McKinley tariff law enacted by the Fifty-first Congress as the culminating atrocity of class legislation, we denounce the tariff protection as a fraud, a robbery of the people for the benefit of the few. We declare it to be a fundamental principle of the Democratic party that the Federal Government has no constitutional power to enforce and collect tariff duties except for the purpose of revenue only, and demand that the collection of such taxes shall be limited to the necessities of the government, honestly and economically administered."

The Democratic of the Seventh Kan.

The Democratic of the Seventh Kansas District have endorsed Jerry Simpson for Congress in return for a similar endorsement of their candidate by the third party in the Second district.

It is safe to say that the Revenue

bill will not get through the General Assembly again in so bad a shape as the one voted by Gov. Brown. Even in the meanwhile the bill will remain in force for this year's assessment.

It is safe to say that the Revenue

bill will be the breaking up of the Solid South. The northern states of New York, New Jersey, Connecticut, Indiana, Wisconsin and Pennsylvania are sure to vote for him and there is a splendid fighting chance in Illinois, Massachusetts and Iowa.

When the Court of Appeals re-assembles

Sept. 8, Judge Casswell Bennett will succeed Judge Holt as Chief Justice and the "Pansy" will have another triumph at Frankfurt. We are gradually getting there and after November will be only one remove from the Presidency.

Since the Governor's veto of the

Revenue bill, which contained the Auditor's agents job, put through the Senate by legislation, the fact of feeling between Gov. Brown and Auditor Norman has again broken out and the Auditor announces that he will refuse to pay the World's Fair appropriation because that bill also passed without the necessary majority. He says the election and judicial redistricting bills also contain the same defect and are alike unconstitutional. The Auditor has evidently lost sight of the fact that the veto power rests only with the Governor and is not shared by the Auditor.

The convict lease system in

Tennessee has brought about a deplorable state of affairs. The miners of the Coal Creek region are in arms and a conflict between one company of troops and a large number of miners took place at Oliver Springs, Tuesday. The miners were equipped with the loss of two or three of their number. The railroads were torn up and reinforcements were sent out on the following day the warlike soldiers, ordered the strikers, convicts, soldiers and all, over the protest of the troops, to a mob of 1700 men. Troops and volunteers are hurrying to the scene and bloodshed is inevitable. Gov. Buchanan, weak and cowardly, is as helpless as a child. Tennessee is badly in need of a sure enough Governor.

FRIDAY, SEPT. 2.

Gen. Stevenson Fixes The Date

For The Herndon

Barbecue.

He Will Certainly Come and Ten

Thousand People Will

Be There.

Everything in Readiness and The

Date Satisfactory.

The Following letter from Gen. Stevenson has been received, fixing the date of his visit to Herndon, Ky., upon which occasion he will make his first meeting at Herndon on Friday, Sept. 2nd. It will be there on that date.

"I am to speak in Tennessee, Indiana, Sept. 1st. I find I can leave Herndon on Friday, Sept. 2nd. I will be there on that date. This will be my only opportunity and I gladly accept the invitation. Please advise me at your earliest convenience whether this will be satisfactory."

Yours very truly,

W. A. STEVENSON.

The news will be the liveliest

satisfaction all over this section of Kentucky. There will be such an outpouring of Kentucky Democrats as this county has never known. Excursions will be arranged from every direction and the woods of Flatfield will be literally alive with 10,000 people, gathered to do honor to the next Vice President of the United States.

The local Democrats have already begun preparations. They will have the biggest barbecue in the history of this county. They are resolved to take everybody who comes if it takes every pig, pig and fattened calf in the county.

The people will be there and they will be treated with genuine Kentucky hospitality and will listen to some of the ablest orators in the Democratic party.

Among the distinguished gentlemen who have been invited are Hon. Grover Cleveland, Senator John M. Palmer and Senator Roger C. Mills. Both of these Senators were born in Christian county, though Senator Mills was born in a part of the county from which Todd was subsequently formed. These distinguished sons of the "Kentucky District" have been cordially invited to be present and it is hoped they will accept. Hon. W. T. Ellis and Quinlan J. McKee will be on hand and there will be no lack of orators and speeches. The local committee was organized some time ago, with Esq. J. T. Coleman as Chairman. Carcasses should number will be subjected and now that the date has been fixed some energetic work will be done.

Committee on Reception, Advertising, Invitation, Arrangements and Transportation are being made up in the city to assist the country people in making the after a complete success. The Committee on Transportation will consist of Messrs. Hunter Wood and Joe McCarrall, attorneys for the two railroads, who will at once take steps to secure reduced rates and whatever excursion trains that may be necessary.

Our Secretary will arrive here at 5 a. m. Sept. 2, and an excursion train will leave for Herndon, via Grayson, to leave about 10 o'clock, will be secured if possible. Otherwise the trip can be made overland in hacks. Now let every Democrat consider himself a committee of one to help make the bill the biggest ever seen in Kentucky.

Deafness Can't Be Cured

by local applications, as they cannot reach the source of the trouble. There is only one way to cure deafness, and that is by a surgical operation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the tube is restored to its normal condition, hearing will be destroyed forever. It is an incurable condition unless cured by the use of the Eustachian Tube.

We will give One Hundred Dollars for any case of deafness (caused by nature) that we cannot cure by taking Hall's Catarrh Cure. Send for circular free. Sold by druggists.

A ROBERTSON COUNTRYMAN'S SUCCESS IN NASHVILLE.

And a Young Man Who is Known By Many of Our Readers.

Prof. J. F. Draughon, who left Springfield three years ago and located a Business College in Texas.

There, since which time the school has flourished beyond his anticipations, receiving students from thirteen different states, is now permanently located in the City of Rocks. About three months ago, he became fully convinced his work in this line and capacity for such work, should be more centrally located. Knowing Nashville to be one of the greatest educational centers in the Union, and Tennessee being his native State, he negotiated for the Nashville Commercial College, corner Church and Summer streets, where he has now been in charge about two months, during which time the school has received more students than it had previously received the past year.

Prof. Draughon is one of the most progressive and practical Business College workers known. He is a liberal contributor to the columns of many of the leading office journals throughout the East. His communications on the science of accounts have been so well appreciated he is to-day known throughout the United States and Canada as master of the "New System of Book-keeping" (copyrighted). "Double-entry made easy." For this work he receives orders daily from practical book-keepers and bankers throughout the Union. This Robertson countryman is certainly proud of the success of this young man. Since he sent him several students last year, while conducting his Texas school. Four of his sons went over to Nashville and joined him at the time he took charge of the school. Several others will follow on the first of next month.

Nashville should, and we believe she will, appreciate the energies Prof. Draughon will display in still further advancing the educational interest of the city. We know it to be a fact, and the eye of Prof. Draughon's negotiating for the Nashville Commercial College, he was offered by one of the agencies in the Northwest, a sale of 10,000 worth of scholarships and the money deposited in a bank subject to his check, to secure his school permanently established in Nashville of his own accord, believing in the end it will prove the best investment. We trust every reader of the Record who may not be familiar with the education will write Prof. Draughon for his late catalogue which will give full information as to his practical system of book-keeping, and the college at Springfield (Tenn.) Record.

The above sets at rest the apothecary. "A prophet is not without honor save in his own land." But Prof. Draughon deserves it all. The institution which he presides over is an honor to Nashville and his best friends are those who know him best.—Nashville Times.

Four More Vetoes.

Gov. Brown vetoed four bills Monday. Of these two were the important Revenue and Taxation and Corporation bills. For his action in the first case he gives the following reasons:

"In neither branch of the General Assembly is it provided, on its final passage, as required constitutional majority."

"Because the exemptions of property from taxation attempted in the bill are unauthorized by the Constitution."

"Because under the provisions of the bill the individual stockholders in corporations were exempted from the payment of taxes on the shares held by them."

"Because under the provisions of the bill the assessors of their own property."

"Because foreign corporations are more favorably considered by the provisions of the bill than home corporations."

"Because Section 12, Article 7, of the bill, embodies the provisions of the Auditor's Agent act of May 6, 1880, which was declared unconstitutional by the Court of Appeals."

"Because of the retention in the bill of the Auditor Agent system under which there has been a flagrant waste of the public money."

"Because the requirement that all persons who are required to make reports to the Auditor of Public Accounts shall pay all the taxes due the State direct to the Auditor, is uncompensated by a requirement by the publication of the amounts received and from whom, as required by the Constitution."

His veto of the Corporation bill was based on the first objection cited above.

The other bills vetoed were the Geological Survey and Kewanee County Turnpike bills.

The Legislature adjourned Tuesday last Nov. 15, without acting on the veto messages and the work of seven months was knocked into a heap.

An usual Gov. Brown was right. It was not his fault that the Legislature was unable to get up constitutional measures. So long as we are to have such a Legislature, it is indeed fortunate that we have Gov. Brown with his knowledge, brains and backbone.

COLORED TEACHERS.

Resolutions Adopted at the Recent Institute, Presided by Prof. Froge.

WHEREAS, The citizens of Hopkinsville have agreed no pains in making it pleasant for us as teachers, and the board of trustees were so kind as to give us the use of the school building, and the officers and members of the Methodist church allowed us the use of their church free of charge, therefore be it

Resolved 3d, That we thank the janitor for having kept the school room so clean and for having helped us in the use of their church.

Resolved 8th, That we thank God for his constant care of us, and that we resolve to love him better and serve him more faithfully in the future. That we are grateful for the goodness of the past and for the rich future that is laid out for us in the future.

GREAT DEMOCRATIC BARBECUE

At Shelbyville, Ind., September 28, 1892.

The Democracy of Shelby county, Ind., the old home of the late Vice President Hendricks, will hold its usual mammoth Democratic Barbecue on September 28. Hereafter, more than 10,000 people attended each of the Barbecues at that place and, from present indications, this one will assume national proportions and eclipse anything of the kind ever attempted in the country. Hon. Adlai E. Stevenson, the running mate of Grover Cleveland, will be present and make a speech on that occasion. This fact alone gives the meeting a national significance and insures an immense gathering of the untold democracy of the United States.

Gov. W. C. Brockbridge, Senator John G. Carlisle, Senator David B. Hill, Senator Wm. F. Vilas, Ex. Gov. Isaac P. Gray, Ex-Gov. John A. Logan, Hon. Lawrence T. Vest, Hon. Henry Watterson, Governor Horace Boies, Gov. James E. Boyd, Hon. Don M. Dickerson, Hon. Burke Cockran, of Tennessee, Hon. N. Y. Senator John M. Palmer, Gen. B. Slicker, Atty. General A. C. Smith, Hon. J. W. Kern, Hon. Geo. H. Bailey, Senator D. W. Voorhees, Congressman G. W. Cooper, James B. Brown, and many others have been invited and will be present. Fifty cattle and hundreds of calves, sheep and poultry will be slaughtered for the occasion, and profits by past experiences, the committee will be prepared to feed all who attend. Cheap rates on all railroads have been secured.

The Trotting Record Lowered.

Wednesday at Chicago the World's trotting record was lowered to 2:07 1/4 and the queen of the turf is Nancy Hild. The great mare was out against her own record of 2:09 and lost only that but over 250,000 spectators crowded the grandstand to witness the race.

She would have gone even faster, the evidence of her driver, had the wind not interfered with her speed.
